Village of Angola )

I, [Signature], Clerk of the Village of Angola, do hereby certify that the foregoing is a true and correct copy of a resolution duly adopted and enacted by the Board of Trustees of the Village of Angola at a Meeting held by said Board of Trustees at the Village Hall in the Village of Angola, on the 19th, day of January 1959; and of the whole thereof, as entered upon the Minutes of the proceedings of the Said Board kept by me as Village Clerk.

IN WITNESS WHEREOF, I have herewith set my hand and affixed the corporate seal of the said Village, this 26 day of January 1959.

[Signature]
Village Clerk.
The Regular Meeting of the Board of Trustees, Village, of Angola, New York was held at the Village Hall on Monday Feb. 2nd, 1959.

Meeting was called to order by Mayor Raymond O. Frawley at 8 P.M.

Minutes of the previous meeting were approved and signed.

PRESENT: Raymond O. Frawley Mayor
          Donald Carbeck Trustee
          Thomas Chiavetta Trustee
          Jene Heimburg Trustee

ABSENT: Earl Kingan Trustee

Harold Loewer appeared at the Meeting in regard to the Storm Sewer problem on Beverly Drive. He wanted to know if the extension was accepted by the Village, because he was informed by Mrs Irish that she presented the Deed to the Village in June 1956. Village Clerk Marianne Arnold found the Deed that was in mention, it was filed away with other Deeds in the safe. After the Deed was checked by the Board Members, the Village Board assured the land owners that were present to the meeting that the extension was granted and the Resolution that was passed at the January 5th. meeting would cover this area also.

Mr Alfonso Strazzanti appeared at the meeting in regard to the bus situation again. Mayor Frawley informed him that this matter would try to be solved as soon as possible.

Eugene Moore appeared at the meeting in regard to the assessment of the Columbus McKinnon plant that has been purchased by a group of local Citizens in hope of making this a growing enterprise in the Village of Angola. Mr Moore asked if he could have the Board make a Resolution to the effect that the taxes or assessment would be left as it now stands for a period of at least five years, until this factory has been thoroughly established. After a thorough discussion, the following Resolution was made by Mr Heimburg and 2nd by Mr Carbeck and was carried by full majority: WHEREAS there is a strong possibility of the Columbus McKinnon Building on Tork St. being reopened and WHEREAS the Angola Village Board is desirous of doing everything they can to bring about the reopening of this long closed up plant, Now therefore be it RESOLVED that it is the consensus of opinion of this Board that the tax assessment of the Columbus McKinnon factory be kept as low as reasonably possible for the next several years.

The Public Hearing on the Irish Annis Subdivision was held and the purpose of this hearing was to approve this subdivision. Motion was made by Mr Chiavetta and 2nd by Mr Carbeck that this subdivision be approved. Un. Crd.

Mr Cotton appeared at meeting in regard to presenting the Board with the necessary estimates and discussion on the water line that the Village Board desires to have laid from the foot of Washington St. to travel under the N.Y. Central R.R. Tracks to the opposite side. Mr Cotton said that he preferred the 24" casing due to the fact that if a break should occur in the line, it would enable a worker to crawl into the casing to repair the break and that also it would be much easier to drill the opening with a larger auger. He stated that it would be more expensive but between the 16" and the 24", he preferred
The 24" Casing. His estimate was at approx. $39.00 per foot. He would engineer the project himself and draw up the necessary plans, and that he would also contact the N.T. Central for the necessary data needed. This job would take at least six weeks of legal paper work before they would be ready to start. He understood the fact that bids would have to be published for this job, and he stated that if another bidder was to be granted the bid, that he would give them the plans that he had drawn up for the job. Mr Cotton will go ahead with the detail work and will be back to the next meeting with all the necessary information.

A total of $216.00 in fines was received from Dept. of Audit & Control. Included in this amount was the $166.00 for Meter Fines that was sent to them in October 1958.

Discussion was held on Water Plant Trainee. Mr Robert Beck has been at the plant learning the operations on his own time. Mr Letzin, relief water plant operator has instructed him of his full duties. Motion was made by Mr Carbeck and 2nd. by Mr Chiavetta that Mr Beck be accepted as the new Water Plant Trainee, this being provisional pending the outcome of Civil Service Test after one year of Trainee experience and school. Mr Beck's salary becomes effective as of Feb. 1st. 1959. Un. Crd.

Building permit was received from Bison Canning Co. to extend a concrete addition to their present warehouse, and the Ins. Certificate was received for the sign to be erected at the Angola Roller Rink on Lake St. Motion was made by Mr Carbeck and 2nd. by Mr Chiavetta that these permits be granted. Un. Crd.

A letter was read to the Board that was sent by Chief Leonard J. Murphy in request for a full time patrolman, making his force a full patrolman force of Civil Service qualified men. Chief Murphy recommended Felix Saintcross as the 3rd. patrolman. In a report from Mr Wagner of the Personnel Office in Buffalo, it was reported that men can be employed as part time patrolman, being placed in the non-competitive class excluding them from the Civil Service Test providing that they do not work more than 40 hrs. per week and this police job is not their steady employment, and they have had one year of police experience in the Village Police Force. Chief Murphy stated in his letter that there are sufficient funds in the police budget salary item to cover an extra man. This matter was tabled until the next meeting so that Budget Director Earl Kingan would have time to study the budget on police salaries.

Adding Machine decision was tabled until next meeting.

Assessment Roll has been completed and filed with the Village Clerk and the Grievance Day notice will be published in this weeks Journal. Grievance Day will be held Tues. Feb. 17th, from 6 P.M. to 10 P.M.

Village Clerk requested that a motion be made and 2nd. authorizing her to place in deposit in the Evans National Bank the surplus cash of $298.00 that she has in her possession which has accumulated in the Cash box for the past several years and she could not deposit this money, because she did not know the source of where it came from or what it was supposed to be for, and she has waited for the State Auditors to finish auditing the books hoping that they would be able to discover the cause for this surplus, but they too were at a loss as to the reason for this surplus. Motion was made by Mr Heimburg and 2nd. by Mr Chiavetta that Village Tres. be allowed to deposit this money in the General Fund, placing it in the St. Maintance Budget item. Un. Crd.
Motion was made by Mr Chiavetta and 2nd by Mr Carbeck that a sum of $26.76 be kept in the cash box for Petty Cash purposes. Un. Crd.

Budget Item transfers was discussed and this was tabled until next Meeting. In the meantime Water Commissioner Heimburg and Village Clerk Marianne Arnold would have time to go over the Water Fund Budget and that they would be able to deduct monies from budget items are were in excess of funds needed, and this money could be transferred to the Pumping Station "other Expenses" budget item which is operating in the "red" at the present time.

The following Resolutions were adopted:

Whereas a Public Hearing has been duly held by the Angola Village Board pursuant to Notice of publication and posting (on file with the Village Clerk) concerning approval of Irish - Annis Subdivision which has been presented to the Village Board pursuant to Section 179A of the Village Law, now therefore be it Resolved that such map be approved by this Board, it having been previously approved by the Erie County Board of Health. Motion was made by Mr Chiavetta and 2nd. by Mr Carbeck that this Resolution be adopted. Un. Crd.

VILLAGE CLERK
The Regular Meeting of the Board of Trustees, Village of Angola, N.Y. was held at the Village Hall on Monday March 2, 1959.

Meeting was called to order by Mayor Raymond O. Frawley at 8 P.M.

Minutes of the previous meeting were approved and signed.

PRESENT: Raymond O. Frawley Mayor
Earl Kingan Trustee
Donald Carbeck Trustee
Thomas Chiavetta Trustee
Jene P. Heimburg Trustee

Eugene Schrantz from Highland, Derby, N.Y. was present at the meeting in regard to a job as Village patrolman. Mr. Schrantz was amongst the first applicants in June of last year applying for the patrolman job. He was informed by Mayor Frawley that he would be notified if any consideration is reached for more men on the force.

State Insurance endorsement on our policy was received and ordered filed; A copy of the Buffalo Exterminating contract was received and ordered filed.

Letter was read from Donald Neff in regard to the Board giving their authorization to start the Civil Service Trainee Test. Motion was made by Mr. Carbeck and 2nd. by Mr. Kingan that Mr. Neff be notified to start proceedings on this test. Un. Crd.

Village Clerk stated to the Board Members the error in Mr. Joseph Re for Village Taxes that he paid twice. At the time the delinquent notice for 1954 and 1955 taxes was sent to Mr. Re, he informed the Clerk that these taxes were paid, according to information that he had secured from his lawyer but that he did not have the receipts to prove the payment. Clerk checked the roll books, delinquent tax sheets and even checked all the account numbers in the 1954 and 1955 cash book receipts trying to find the payment of these taxes and they could not be found, so Mr. Re reluctantly paid them himself on Nov. 3, 1958, several weeks ago Mr. Re and Mrs. Howard Barrett showed the Clerk the tax receipts that were paid on Apr. 23rd. 1956, the Clerk at this time informed Mr. Re that she would bring this matter up with the Board of Trustees and she was certain that the Board would refund the tax money. Motion was made by Mr. Kingan and 2nd. by Mr. Chiavetta that the following Resolution be passed:

RESOLVED: The Village Clerk is hereby authorized to refund the sum of $165.67 for 1954 and 1955 Real Estate Taxes including the penalty and interest. Mr. Joseph Re has produced evidence that the taxes were paid on Apr. 23, 1956 by producing the paid receipts for the same which agree with entries made by Joseph Kinkead in the Cash Book which were shown to the Village Board. The same taxes were paid a second time on Nov. 3rd. 1958 in the amount of $165.67. The account number is 202 - 437.

Letter was read for the Catalino case that is coming up in court, and it was referred to Attorney Hurst.

A letter from an anonymous sender was received and read to the Board. It was very amusing and it requested that more police be put on the force.

Village Clerk requested that the Board authorize her to open two new funds at the Bank. One for the Social Security Fund and the other for the temporary parking meter fines. Motion was made by Mr. Carbeck
Police Report was read: Period 2/2/59 to 3/2/59. Starting mileage 15,150 miles - ending 16,680 miles - total 1,530 miles covered in this period. 41 parking meter tickets issued; 6 traffic summonses; 9 general complaints; 4 doors found open at night; 3 cars towed off of street; 16 traffic details; 6 Navy Dept. ref. replies; 30 property checks; 6 prowler complaints; 1 Ambulance assist; 2 mal. mischief complaint; 4 imm. invetg.; 2 property damage accidents; 1 boy missing; 1 bike stolen & recovered; 4 civil papers served; traffic school attended by Ptr. Dalton; 1 B.B. Gun complaint; 1 fatality case in village - heart case expired on street while a passenger in car. 6 Burglary cases; 6 burglary complaints; 1 attempted burglary. 

Ptr. Dalton reported that he noted the R.R. gates open while a freight train was crossing the road and the watchman was found asleep, gates still not down when N.Y.C. Flyer came through. R.R. dispatcher advised that a lighter sleeping gate men was required here to insure safety to night travelers on the Main St. crossing. Report submitted by Chief L.M. Murphy and Patrolman Dalton.

At this time a letter was also submitted by the Chief as such: Submitted along with the monthly report is a request for the Boards consideration of a suggestion by the Police Dept. that we institute a curfew at 10:30 P.M. and such curfew to be in effect all days of the yeat with a penalty imposed upon the parent for these discovered in Violation of Curfew. After checking the increased amount of prowlers compliants and the recent wave of house breaking, we as the Angola Police Dept. are again asking the serious consideration be given to our request for an increased force which would enable us to completely circle the clock and cover the Village streets and homes at all hours.

After thoroughly studying the conditions of the Police Dept. it was decided that perhaps another patrolman would solve some of the trouble that is arising in the village, so motion was made by Mr Kingan and 2nd. by Mr Carbeck that Eugene Schrantz be hired to serve on a provisory basis as village patrolman on an hourly rate of $1.55 an hr., and his hours would be set by the Chief. Un. Crd. Motion was made by Mr Chiavetta and 2nd. by Mr Carbeck that a total of $250.00 be drawn from the salary budget item of the police dept. and placed in the budget uniform account so that Mr Schrantz can be outfitted immediately in police attire for the job. Un. Crd.

Question on the curfew was discussed and it was decided that the curfew in the police ordinances that are on file in the office will be enforced. It reads as such: Children: No child under 16 years shall be permitted to loiter or remain upon the streets or other public places within the village between the hours of 11 P.M. and 7 A.M. unless accompanied by an adult person or unless actually proceeding to a lawful definite destination without any delay. This ordinance will be published in this weeks paper to notify the parents of the curfew.

Personnel Office and Mr Louis Wendza from Depew was first on the list with 91 1/2 average and Leonard Murphy was 2nd. with 87 Average, they were the only two men on the eligible list for police Chief. A very thorough discussion was held in relative to this position due to Leonard Murphy being employed full time at the Steel Co. and not being in the Village on a 24 hour basis to fulfill the duties of a Police Chief. Motion was made by Mr Carbeck and 2nd. by Mr Chiavetta that the applicant in mention devote his full time to this job and any other outside employment to be subject to Board of Trustees approval. Un. Report that will soon be due. Motion was made by Mr. Carbeck and 2nd. by Mr. Heimbuch that the Clerk-Tres. and Mr. Kingan be permitted to attend this session with expenses paid. Un. Crd.

Letter was read from Mr. Louis Zink, of the Erie County Health Dept. it read as follows: Village Board - Dear Sir: We have had requests from contractors to build on the above subdivision (Irish Sub-Div.) As you know, there was an agreement made that the Village would furnish the sewer and the developers of the property would pay for the installation. Until such a time an agreement is reached by the developers and the Village on the cost of the installation of these sewers, we will only issue permits to build on the tract of land if the developer will place approximately one hundred dollars in escrow with the Village to cover the cost of the sewer in front of their property. This will alleviate any difficulty after the home is built as to who will pay the cost of installing the sewer.
The money will be available by being held in escrow by the Village until construction is completed. If the above condition is complied with, we will be glad to furnish permits. Very truly yours, Henry Karcinkowski, Sr. Pub. Health Engineer, per Louis Zink, Sr. Health Sanitary Inspector.

This School training is compulsory in order to qualify for a Grade II Certificate that is required for the Civil Service examination that will be held soon for Water Plant Operators. Motion was made by Mr. Garbeck and 2nd, by Mr. Heimbarg that Mr. Beck be permitted to attend this school. Un. Crd.

The following building permits were received: Sam Catalino to erect a new home on Beverly Drive; Western Electronics to erect a sign in front of their store; Carl Barrett to erect a new sign in front of his office; Arthur Ludlow to extend his dwelling; and Allen White to alter and extend his dwelling. An oral request was made to the Village Clerk by Mrs. Josephine Ciccarelli in regard to the Village re-assigning her property on Lake St. as she is being assessed for the same acreage that Mr. Cervola was assessed for before he sold his lots. The Town has made the necessary adjustment and the Village books have not made this adjustment. Mayor Chiavetette requested the Clerk to obtain the necessary information on this property from Mr. Brown the Town Assessor and to have it ready for the May 4th, meeting.

Mayor Chiavetette reported to the Board that the Railroad Bridge on Gowans Road is undergoing repairs and at the present time there is only a one traffic lane open to the public. The County is undertaking this project.

Discussion was had on the position of Chief Water Plant Operator or Supt. of Water Plant. This appointment was omitted from the April Re-Organization Meeting, error being made by the Clerk. It is necessary that a Chief Operator be appointed and he must be a Civil Service Qualified Water Plant Operator on active duty. This is a must, due to there being
three or more operators employed at the plant and this Division being completely under Civil Service, Mr. Zink highlighted the Clerk on this data. This appointment was tabled by request of the Water Commissioner until May 4th, meeting.

Mayor Chiavetta asked Budget Director Earl Kingan if the Budget was ready for Adoption and he replied that it was. Motion was made by Mr. Leimburg and 2nd. by Mr. Kingan that the following Budget Resolution be accepted:

WHEREAS, this Board of Trustees has met at the time and place specified in the notice of public hearing on the tentative budget and heard all or any persons desiring to be heard thereon; now, therefore, be it RESOLVED: that the tentative budget as amended and revised as hereinafter set forth is hereby adopted and that the several amounts stated in the column titled "Adopted" in Schedule IA, Schedule IF and Schedule II, together with the amounts set forth in Statement 1 as required for the payment of principal and interest on indebtedness, be and they hereby are appropriated for the objects and purposes specified and the salaries and wages in Schedule 5 of such budget shall be and are hereby fixed at the amounts shown therein effective June 1, 1959. Un. Crd.

Salary Schedule will be acted on at the May 4th, meeting as May 1st, is supposed to be the deadline.

Discussion on a "Sick Leave" schedule was left tabled until May 4th.

Vacation set up was left tabled until May 4th, meeting.

         Donald L. Carbeck *******

Meeting was called to order by Mayor Chiavetta at 8 P.M.

Minutes of the previous meeting were approved and signed.

STREET COMMISSIONER'S REPORT:

St. Commissioner Carbeok gave a report on the drainage problem that has arisen on the property of Salvatore Sack on Dellwood Ave. Mr. Sack was present to the meeting and also gave a detailed report. After a pro and con discussion of what was recommended and Mayor Chiavetta requesting more data on this project, it was suggested that this matter be tabled until next meeting.

St. Com. Carbeok also requested the following: He stated that he had received a letter from Dr. Sanborn in regard to the parking problem on Lake and the Church Alley. It was requested that a "No Parking Sign" be erected at least 12 to 15 ft. distance from Lake St. thus keeping this area clear of cars from the Corner to the Church. Motion was made by Mr. Carbeok and 2nd. by Mr. Kingan that the No Parking from here to Corner signs be erected. Un. Cr.

1 - Removal of stumps on High St. (To be done thru bids)
2 - Acceptance of Terrylynn extension and Sunset Blvd. from Wm. Miller, (see Resolution enclosed)
3 - Action on Commercial St. extension - Village Attorney to check on deed.
4 - Finishing Grove St. at west end and completing Terrylynn.
5 - Go ahead with Lorain St. drainage.
6 - Check up of all bad walks. Black top recommended.
7 - Completion of Beverly Dr. from Ward westerly to end.
8 - Sewer line on Dellwood Ave. to be cleaned.
9 - Recommending that no more "U" turns be allowed on Center & Main; and Commercial & Main.

More detailed reports on all of the above will be given at next meeting.

WATER COMMISSIONER'S REPORT:

St. Com. Heimburg reported that the wiring is almost near completion at the water plant. Request was made for a 6" line and Hydrants down Lake St. More details on this May 18th. meeting. Water Plant Supt. to be selected next meeting. This request was made by Erie Co. Health Inspector Louis Zink due to the Waterworks being completed under the supervision of Civil Service.

Hearing was held on Center St. & High Sts. being changed to one way sts. There being no one present in opposition to this change, motion was made by Mr. Carbeok and 2nd. by Mr. Kingan that this Ordinance be adopted. Un. Crd. Copy of the ordinance to be furnished by Village Attorney Hurst.

The question of whether bids would be needed for sewer tile that has to be purchased, was asked, this question will be answered by Village Attorney Hurst when the correct amount of tile is given, that has to be purchased.
The question arose on whether the Village has a dog ordinance. Answer was no.

The question on the assessment for Mrs Josephine Ciacarella was discussed, due to the fact that Mrs Ciacarella is still being assessed for the full amount of land that the former owner Louis Cervola had. This was tabled until next meeting.

The discussion on the maintenance of the parking meters was brought up - Mr. Letzin has been servicing the meters to a certain extent, and due to the insufficient training that he has had on this service, a great deal of the meters are out of adjustment. Clerk Marianne Arnold wrote to the Park O Meter Co. in request to having one of their service men come to Angola to adjust these meters and from their reply, it will be two or three weeks before he gets here. In the meantime, the Board Members suggested that the two patrolman, Eugene Dalton and Schranz be appointed to service the meters during the leisure time on their patrol watch and that they be taught by the Company service man. The matter of extra compensation will be discussed later.

The following Building permits were received: Miller Construction to erect a home on Sunset and Harold Leewer to erect a home on Beverly Dr. Notice was made by Mr. Heimburg and 2nd. by Mr. Kingan that these permits be granted. Und. Crd. Both permits have Erie Co. Approval.

St. Com., Carbeck stated he has been working on a solution for the Parking Meter set up and he suggested that Courtlynn Catalano collect the coins each week and together with the Village Clerk, they would sort, count, wrap and deposit this money each week, thus eliminating having to take up the time of any of the men that are urgently needed for other jobs. This was tabled until May 28th, meeting. St. Com., Carbeck also reported that several complaints have come up about Mr. Glenn brisk burning rubbish on the sidewalk and street next to his store and also parking his car across the walk and leaving it there for the day. Mayor Chiavetta requested that the Village Clerk advise the Chief of Police to handle this matter as it is in his jurisdiction to do so.

Patrolman Dalton was present at the meeting and he placed his request before the Board for a shorter work week schedule. At present he is working 49 hrs. a week, and when he was given his appointment last June, he was informed that the Patrolman position was a 40 hr. work job. This was tabled until next meeting.

State of New York
City of Erie
Village of Angola

The undersigned Village Assessors does hereby determine the property of Josephine Ciccarella at Lake St. & Allen Sts., Account No. 202-320-500 was by mistake assessed at $2900.00 instead of $2400.00 which was the intended and correct assessed valuation.

May 28th, 1959

Subscribed and Sworn to before me this 28th day of May 1959.

WHEREAS the Village Assessors have filed a verified petition with this Board indicating that the property of Josephine Ciccarella at Lake St. & Allen Sts., being account # 202-320-500 was through error assessed at $2900.00 instead of $2400.00 which was the intended and correct assessed valuation, NOW THEREFORE be it resolved the Village Clerk is hereby authorized and directed to correct the assessed valuation in the amount of $2400.00 and adjust and correct the amount of tax to be collected for the fiscal year 1959 - 1960 in accordance with such reduced assessment pursuant to Section 109A Village Law. Motion was made by Mr. Heimbuch and 2nd by Mr. Carbeck that the following Resolution be adopted and passed. Un. Crd.

The assessments of Florence Irish and Carl Barone were discussed and these were tabled.

Insurance on the parking meters was tabled.

Discussion on shortening the working hours for the police Dept. was tabled until after Labor Day, as it is advisable to shorten the hours for the summer months due to the vast amount of activities that occur during the summer.

Mr. Greninger was present at the meeting in regard to the parking condition that has occurred on Center St. He reported that cars are parking on the sidewalks, pedestrians have to walk in the street. This matter will be referred to the Ios. of Police.

Building permit was received from the Most Precious Blood Church to erect a 3rd on the side of the church as a entrance to the basement. Motion was made by Carbeck and 2nd by Mr. Kingan that this permit be granted. Un. Crd.

Parking meter report was read by Mayor Chiavetta from Mr. Slater the Meter Engineer that was in the Village adjusting the meters and teaching the service men. Patrolman Dalton, Patrolman Schranz and Mr. Robert Beck were given the S5E training in servicing the meters and Mr. Slater requested in his letter that these men should be allowed to repair the meters as someone else would only tend to damage them. He also stated that the keys to the money compartments of the meters and the collection can be left in the Clerk's possession only.
Street Commissioner Garbeck stated that the meters are under the Traffic Control Division, and that they are supervised by the Street Comm. and the Police Dept. He read a schedule that he requested be followed for the Meter Dept. He requested that the following schedule be adopted: Patrolman Schramm would collect the coins every Wed., A.M., before 8 A.M., and wind the meters. Then the coin cart would be deposited in the Village Clerk’s office where the money is then sorted, counted and deposited by the Village Clerk, who is wholly responsible for the Village Funds. And no one else should come in contact with these funds and keys are held only by the Clerk. Patrolman Dalton will service all meters that need servicing, and will be compensated a sum of $200.00 per year for this service. Keys to the chassis part of the meters will be held only by the patrolman and when meters are not operating properly, they must be taken out and brought into the office. Patrolman Dalton to service.

The reason for this change was due to the fact that Mr. Leinam, who had been servicing the meters and making the collations, is needed for other more important jobs in the Village, and cannot be spared. Motion was made by Mr. Heimburg and 2nd by Mr. White that this above schedule be followed on the meters, Un. Cord.

It was stated by the Budget Director Klinga that several budget items must be made this evening before the end of the fiscal year ends this weekend. General Fund: A $1 to A $43 = $800.00; A $1 to A $290-450 = $1200.00; Contingent Fund to A $101 = $1800.00; Contingent Fund to A $43 = $72.00. WATER DEPT.: F 260 $1800.00 & F 262 $2000.00 from Contingent Fund wholly to F 250. A sum of $6000 be transferred to the New Building Fund for the new Fire Hall that has been started at the Bank. Motion was made by Mr. Heimburg and 2nd. by Mr. White that these transfers be made, Un. Cord.

LION HAROLD'S DUCK DIES, KANGEROO COURT CONVICTS

"Guilty on all counts," was the verdict of the Kangaroo Court of the Angola Lions Club. Lion Harold's duck had died; it wasn't supposed to be the "guilty" defendant - he was only a proxy - while the real guilty defendant ascended to New York City.

But that's the way it happened at the Wagon Wheel meeting last week - all part of the Lion's Pin sample of the fun and frolic plan for this year's August 1 through 9 Wild West Week of celebration sponsored annually by the Angola Lions Club in the Town of Evans.

The Kangaroo Court will be in session on July 31 and August 1, 1959, Friday and Saturday, in the Village of Angola, and all offenders, "guilty and prints," who fail to join the week-long celebration, will be tried and, if convicted, confined to publiccharity to be maintained by the hogshead tender during the celebration.

The Lions' annual celebration this year will include the selection of a Rodeo Queen, rodeo events, local competition, trying for prizes in various rodeo events, a grand parade, all concluding with a week of Cherry Lake Wild West. A show of Kangaroo called "Four Lions" will be at Prudhom Stadium on Route 5 Town of Evans.

The Regular Meeting of the Board of Trustees, Village of Angola, N.Y. was held at the Village Hall on Monday June 15th., 1959.

PRESENT:  Thomas C. Chiavetta  Mayor  
Allen J. White  Trustee  
Earl Kingan  Trustee  
Donald Carbeck  Trustee  
Jene P. Heimburg  Trustee

Meeting was called to order by Mayor Chiavetta at 8 P.M.

Minutes of the previous meeting were approved and signed.

STREET COM. REPORT:  
Street Commissioner Donald L. Carbeck gave his report of the various projects are being planned for the immediate future. He has taken a survey of some of the sidewalks that need repairing and also the new street lights that are in great need, plus the data on the storm drain problem. All plans should be ready for Board Action by the July 6th. Board Meeting.

Mr Frank Faraci of North Main St. was present at the meeting in regard to storm drainage, so was Miss Violet Arthur and after their problems were aired out at the meeting, both were assured that relief would be met on this serious drainage problem that many of the Village residents are confronted with.

Mr Sam Boingorno, was present with his assessment problem. After a pro and con on the issue of real estate assessment, he was assured that the Board of Assessors would check on his problem.

Mr Vincent Runfola was present at the meeting in regard to the disturbance caused by prisoners at the Town Jail next to his home on High Street. He inquired if it was possible to have that jail removed from that location. Mr Runfola was requested to contact the Town Board on this matter, as the Jail is the property of the Town of Evans.

Discussion arose on the appointment of Building Inspector Carl Hepfinger and a Chairman for the Appeal Board. It was suggested that Mr Hepfinger and Mr Wilson remain as Chairman of each position. Mayor Chiavetta stated that he would contact Mr Wilson and notify him, and Trustee Heimburg would notify Mr Hepfinger. At this time, Mr Allen White, Trustee, stated that he is on the Appeal Board, but that he would resign, so Mayor Chiavetta requested that he would like to have his resignation in by next meeting, so that someone could be appointed at that time to fill this vacancy.

Police Report and Fire Reports were passed to the Members to read and were later ordered filed by Mayor Chiavetta.

Building reports were received from Miller Construction to erect a new home on Terrylynn Dr. and from Mrs Lizzie Dye to erect an enclosed stairway on the outside of her home on Lake St. Motion was made by Mr Carbeck and 2nd/ by Mr Heimburg that both permits be granted. Un. Crd.

The new Equalization Rate was received by Clerk Marianne Arnold it is 43% this new fiscal yr.
Clerk stated that she received a partial payment from George Peterson on 3 lots that he was assessed for, and one lot was sold to Mr. Burchett for his home. Mayor Chiavetta and the Board Members requested that Clerk Arnold send this check and tax back to Mr. Peterson and request that he pays the full tax for these lots.

The discussion was brought up about Robert Beck's expenses for attending School in Niagara Falls, which is a must now for the position of Water plant operator. This schooling must be had before the applicant can try his civil service test. It was advised that Relief operator Harry Schanzlin be employed to relieve Mr. Beck during this training school period. The following Resolution was passed in regard to the school expenses: RESOLVED: that Robert Beck, water plant employee is hereby authorized to attend the Training School at Niagara University under the N.Y. State Civil Service Auspices, commencing June 15th, 1959 and ending on June 27th, 1959, a two week period, and that his necessary expenses be paid for lunch and mileage at 8¢ per mile round trip and also his toll charges, and that he is to receive his regular salary during such period and that he be not required to put in his time at the Pumping station during such period. Motion was made by Mr. Heimburg and 2nd, by Mr. Carbeck that this resolution be accepted. Un. Crd.

Village Clerk - Tres.
Regular Meeting  
Monday July 6th, 1959

The Regular Meeting of the Board of Trustees, Village of Angola, N.Y., was held at the Village Hall on Monday July 6th, 1959.

PRESENT:  
Thomas C. Chiavetta  
Earl D. Kingan  
Donald L. Carbeck  
Jene P. Heimburg  
Allen J. White

Meeting was called to order by Mayor Chiavetta at 8 P.M.

Minutes of the previous meeting were approved and signed.

Mr. Arthur Laloz was present at the meeting in regard to the water drainage in the front of his property. He is planning on having the driveway to his home paved and before that is done, he would like to have the drainage fixed so that the water doesn't run into his driveway from the street. Mr. Jalsevic and Mr. Barone were present and also have the same problem on drainage. Street Com. Carbeck assured them that this drainage would be taken cared of as soon as possible.

Mr. Boingorno was present in regard to the assessment on his property on Orchard Ave. He wanted the assessment lowered and he was also stated that the Board did not have the correct Veterans Exempt listed for his property. His exemption was on file but was overlooked by error by the Board of Assessors last fall when working on the Roll Book. Motion was made by Mr. Heimburg and 2nd. by Mr. Kingan that the following Resolution be accepted: WHEREAS it has been brought to the attention of the Village Board, acting as Assessors, that an allowance for Veterans Exemption on the property of Samuel Boingorno located at Orchard Ave, Angola, N.Y. being Account No. 201 - 111 was erroneously entered as $2200.00 instead of $3200.00, NOW THEREFORE BE IT RESOLVED that the exemption be correctly stated and allowed at $3200.00 and the assessed value of $3500.00 stand as entered and the Clerk is hereby authorized and directed to receive $8.35 as the full and correct amount of tax to be collected including penalty. Un. Crd.

Mayor Chiavetta requested Clerk Arnold to have the list and the term of each member of the Zoning Board for next meeting.

Mr. Catalano of the Hardpan Rd. was present at the meeting in regard to the water line leading to his property. He requested a larger water line as the one that is there is too small to handle the demands for water and asked if they could tap on the new line that is being placed on Hardpan Rd. Water Com. Heimburg stated that he would handle this for him and he would see to it that there is enough water in that section.

Recommendation was made to the Board by Mayor Chiavetta to have Mr. Floyd Wilson remain as chairman of the Zoning Board, as he has done a very good job on the Board of Appeals. Motion was made by Mr. Carbeck and 2nd. by Mr. Kingan that Mr. Wilson be allowed to continue as Chairman of the Board and that Mr. Donald Heimburg be appointed to fill the vacancy of Mr. Allen J. White who has resigned. Mr. Heimburg will fullfill Mr. White's term. Un. Crd.
The following permits were presented to the Board: Mrs Verma Wells to add an addition to their home on Lorrain St.; August Mangus to erect a veranda on his home at So. Main St.; James Corsaro to add an addition to his home on Grove St.; Sam Cutler to remodel the front of his home; Donald Carbeck to alter his home; and to Augustine Lombardo to add an addition to his home. Permits were approved and granted.

At this time Mayor Chiavetta opened the bids for the Cast Iron pipe that is to be purchased by the Village. Bids were received from the following: Grinnell Corp. - $2.17 per ft.; R.D. Wood - $2.10; McWand Corp. - $1.958; U.S. Pipe & Foundry - $2.105; Cotton & Draut - $2.12. The bid was awarded to the U.S. Pipe & Foundry, due to being the lowest bid eligible, R.D. Wood was for 1628 lengths and the bid called for 18' len. and McWane's delivery was by rail and rail delivery couldn't be accepted as the bid specs. called for delivery to the site specified by the Village. Motion was made by Mr White and 2nd, by Mr Heimburg that the U.S. Pipe & Foundry bid be accepted. Un. Ord.

St. Commissioner Carbeck gave his report on the different projects that are being planned will have a full report soon on all the Village projects being started and completed.

Discussion on what is to be done about the storm tile laying along the streets where it is to be connected, was brought up at the meeting, it was the understanding that the Village was to buy the tile and the home owners were to install it, but another plan was suggested that the Board of Trustees contact various contractors to get an estimated figure on installing this tile. This will be settled at next meeting after the necessary information has been secured.

Motion was made by Mr Heimburg and 2nd, by Mr White that the following Resolution be accepted from the Niagara Mohawk Corp.: RESOLVED that in accordance with agreement dated July 7, 1947, the Niagara Mohawk Power Corp. be directed to make the following changes in Street lighting systems: Please install three (3) 6000 lumen glass enclosed street lamps on the same mastarms at the following locations: Pole # 1 - Center St.; Pole # 4 - Orchard Ave. & Pleasant Ave.; and on pole # 3 Orchard Ave. & Mill St.; and remove from these same locations, three (3) 2500 lumen incandescent street lamps with radial wave reflectors. The Regular Meeting of the Board of Trustees, Village of Angola, N. Y., was held at the Village Hall on Monday August 3rd, 1959.

PRESENT: Thomas C. Chiavetta
Allen J. White
Earl D. Kingan
Donald L. Carbeck
Jene P. Heimburg

Meeting was called to order by Mayor Thomas C. Chiavetta at 8 P.M.

Minutes of the previous meeting were approved and signed.

Mr. Bernard Patrikus was present at the meeting in regard to obtaining a house number for his home on Ward Parkway. Mayor Chiavetta had the Irish Sub Division Map at the meeting and with the assistance of the Board Members, they were able to furnish house numbers for the residents of the Ward Parkway section, motion was made by Mr. Carbeck and 2nd. by Mr. Heimburg that Mayor Chiavetta be authorized to number the following residences: Bernard Patrikus - 13 Parkway; Alvin Standera 20 Ward Pkwy.; Donald Campagna - 21 Ward Pkwy.; Salv. Barone 24 Ward Pkwy. Clerk was requested to notify each resident and also notify the Angola Post Office.

Police report was read and ordered filed by Mayor Chiavetta.

Discussion was held pro and con on School St. issue of being made a one way street and also Center St. problem together with the question of the corner congestion at Center & Main St. Chief Murphy was called to the meeting to express the opinion of the Police Dept. After a thorough discussion, it was left tabled until next meeting, so that a further study can be made of this busy area before any decision is reached.

Building permits were received from: Stanley Maronski to extend his present dwelling on Grove St.; George Pinto to erect a patio; and Anthony Termini to erect a new home on Grove St. The Maronski & Pinto permits were passed by: Motion made by Mr. Carbeck and 2nd. by Mr. White that these two permits be granted and the Termini permit be granted upon the approval of Building Inspector Carl Hepfinger, due to Mr. Hepfinger not being present in the area to sign this permit before Board Meeting.

The Public Notice from the Public Service Commission for the Depot was discussed. Village Attorney Hurst will attend the meeting, but he is going to get more data on this situation before he attends the meeting.

Mr. Ed. Cotton was present at the meeting with a full account of the completed water line to the Durion Plant, he also stated that they do not have this line open as yet, due to the severe low water pressure in the Village at the present time. He presented his bill to the Board Members, and this being paid through a Bond Issue, will be handled by Village Attorney Hurst as soon as possible. Mr. Cotton also gave some details on the Waterworks plant and also offered several good suggestions in regard to saving a large amount of water daily from the washing of the filters and an impeller that can be purchased for one of the pumps.
Mr. Heimburg asked the Board for their permission to hire Mr. Cotton to make a survey of the Angola Waterworks in Sept. The Board Members granted this permission to Mr. Heimburg.

Discussion was held on the water shortage. Suggestions were offered on publishing a full page notice for a water ban for the Village and Town residents. This was agreed by the full majority of the Board. Mayor Chiavetta stated that he would contact Mr. Thompson to see if he would consent to the Town sharing the expense of the ad and alerting his Town Patrolman for all unnecessary water consumption during this critical period.

The sidewalk bill from William Miller was presented to the meeting and after a thorough discussion, it was decided that St. Com. Donald Garbeck would contact Mr. Miller about this bill before it is paid.

The New York Central agreement was read at the meeting in regard to the Village installing the new water line under the N.Y.C. property to Durion Plant. The agreement calls for an initial fee of $25.00 plus an annual fee of $68.00 for this right of way. Motion was made by Mr. Garbeck and 2nd. by Mr. Heimburg that Mayor Chiavetta be authorized to sign this agreement. Un. Crd.

St. Com. Donald Garbeck gave the street report that was furnished to him by Mr. Cotton for Blacktopping several of the Village Sts. and for repairing some of the other streets in the Village. The streets that are in great need of repairs are: Commercial St. from Main to Washington St.; School St. from High to Main and Lake St. High St. from Lake to School St. These streets will be blacktopped and the rest of the streets will be repaired temporarily by the Village Maintenance men. Motion was made by Mr. White and 2nd. by Mr. Heimburg that the Clerk be authorized to advertise for bids as soon as Mr. Cotton furnishes Mr. Garbeck with the exact specifications for this job. Un. Crd.

Discussion was held on the teletale system that was supposed to be installed by the Telephone Co. Nothing has been done on this job, and it is very necessary that this job be started immediately. Clerk was requested to notify the telephone Co. as to what their plans are and when they are going to start this job.

Discussion was held on the compensation insurance for the Diving Co. that was granted the bid for the Waterworks project. Water Com. Heimburg stated that he would contact the members of the Diving Co. and find out what arrangements could be made by them on the insurance problem.

The Regular Meeting of the Board of Trustees, Village of Angola, N. Y., was held at the Village Hall on Monday August 17, 1959.

PRESENT: Thomas C. Chiavetta Mayor
          Donald L. Carbeck Trustee
          Earl D. Kingan
          Allen J. White
          Jene P. Heimburg

Meeting was called to order by Mayor Thomas C. Chiavetta at 8 P.M.

Minutes of the previous meeting were approved and signed.

Mrs. Virginia Barrett was present at the Meeting in request for permission to store her son's trailer next to the Barrett Office on Maple St. in the Village. Mrs. Barrett's son is leaving for Overseas Duty and will be gone 13 months and his wife and children are going to reside with his mother for this period of time. The trailer will not be occupied for living purposes during this storage period, it will only be entered to obtain clothing and other supplies that will be needed daily and also to check against vandalism that might occur during this period. Motion was made by Mr. Carbeck and 2nd. by Mr. White that this permission be granted to Mrs. Barrett upon condition that the Trailer is not used for occupancy at any time during this period. Un. Ord.

Letter was received and read from Mr. Kliszka in regard to the Traffic Signal on Lake St. & Prospect St. intersection. A pro and con round table discussion was held in regard to this signal. Mayor Chiavetta requested that the Clerk acknowledges this letter and in the meantime additional data will be secured from either the State or County Depts. on their suggestions for this light.

Fire Dept. report was received from Chief Azzarella and it was ordered filed by Mayor Chiavetta.

A report was given by Village Attorney Hurst in regard to the Public Service Meeting that was held for the elimination of the Angola Train Depot. Nothing definite was settled, and Mr. Hurst stated that he informed the Public Service Committee that the Village of Angola was interested in buying this depot, and he was told that the Village would be placed first on the list of buyers if and when they have reached a decision as to what they are going to do with the depot.

ST. COMMISSIONER CARBECK'S REPORT:

Mr. Carbeck stated that the sidewalk construction work is almost completed and he has checked on the new walk for the Prospect St. Area leading to the Catholic School, he has Mr. Thomas Ferraro's permission but he does not know what to do about the Church property, as to whether the Church has to pay for their half of the walk or not. He will have to check on this and will have a more detailed report for next meeting.

The Storm Drain work at Salvatore Sack's home is finished and the Clerk was requested to send him a bill for the amount of seventy-five dollars ($75.00) which was the amount that he promised to pay in helping to defray this Village expense.
The bill from William R. Miller was presented to the Board for payment. Motion was made by Mr Heimburg and 2nd. by Mr Carbeck that this bill be paid to Mr Miller. Un. Crd. At this time, Mayor Chiavetta requested that this practice must cease for Builders presenting such bills to the Board under these conditions. It is not a legal procedure, Mr Miller's bill was for $737.80.

Other important business in Mr Carbeck's report was: Commercial St. opening is slated for Labor Day and that some thought should be considered as to what caution signs are to be erected in that area; Snow removal contract should also be drawn up by Village Atty. Hurst so that it will be ready by October; recommendation to change the name of Prospect St. off of Pleasant Ave. all to Pleasant Ave. due to there being another Prospect St. off of Lake St. and this is very confusing to the mailmen; and the water receiver in front of the home of John Cecala is being checked. Mr Carbeck also stated that he wishes to employ Mr Alfred Ware as Maintenance Man for the Village, and that he delayed in hiring Mr Ware until he was absolutely sure that there were enough funds in the Budget to hire an extra man full time, in the meantime Mr Heimburg has hired David Senn to work at the pump station learning the operations there in the event any of the present employees should leave, this would give Mr Heimburg an extra man to employ immediately. Mr Carbeck and Mr Heimburg will talk this matter over before the next meeting and will decide on the Maintenance man to be hired for the Village.

Mr Cotton was present at the meeting with an estimated figure for the Storm Drain Work that is being considered for Center St. Area. The estimated figure given was for $14,163.40. It may be slightly lower. It was decided that the Board contact Mr Sam Stock and get an estimated figure from him for the trenching. All data will be secured and available for the next meeting.

Mr Cotton stated that he has the notice ready for the bids for resurfacing the streets, and that he would give that to Mr Guest for publication, and that he would have the specifications at the Clerk's office around Wed. of this week. Motion was made by Mr Heimburg and 2nd. by Mr Carbeck that the Clerk be authorized to publish in the Evans Journal the notice for bid openings on the street resurfacing. Un. Crd.

Water Com. Heimburg stated that the Newton St. area for the Water line has been flushed and open for use. He also stated that he is considering raising the Commercial Water rates for the Village Commercial Users from 15% to 35% for all water used over the 100,000 mark. The Thruway Restaurant, the Town of Evans Districts all pay the 35% rate and the Village Commercial users should also be placed in this group. Village Attorney will draw up the necessary resolution and have it ready for notice as soon as possible. Mr Heimburg also stated that two new impellers for the pump at the Waterworks are ordered and will be installed as soon as they arrive.

The following bills were submitted on Abstract Voucher No. 5 totaling a sum of $2055.41 for the General Fund and Abstract Voucher No. 5 totaling $6288.21 for the Water Dept. Mayor Chiavetta signed both Abstract Vouchers and ordered bills on these two vouchers paid.

Motion was made by Mr Carbeck and 2nd. by Mr White that the following building permits be granted: Joseph Gullo to alter his present home; Edison Schrader to build a garage; Davis Bruce to alter Dr. Russo's home; Anthony Termini to erect a new home; William Miller to alter a double dwelling and Mrs Verna Wells to alter their home.
The permit for Enrico Manzoni was tabled until a letter is rec'd from the Zoning Board of Appeals stating their written consent on this permit due to the lot dimensions being only 65' in place of the 75' frontage that is required for all homes.

Due to the Labor Day Holiday on Sept. 7th, which is the 1st Monday of the month and that being the Regular Meeting Night Date for Board Meeting, Mayor Chiavetta with the permission of the Board Members declared Tuesday Sept. 8th, as the next legal Meeting Night for Village Board Meeting.

Motion was made by Mr White and 2nd. by Mr Carbeck that we adjourn. Un. Crd.

Donald Carbeck  
Jene Heimburg  

Meeting was called to order by Mayor Chiavetta at 8 P.M.

Carl Hengerer was present at the meeting in regard to property data from the Grove St. section. After a brief discussion, this was left to Village Att'y. Hurst to check over and have a detailed report from the Deed findings for the next meeting.

Mr. Noes was present at the meeting in regard to the water line. This was tabled until next meeting.

Discussion was held in regard to the Winter Ban on all night parking again for this year. Motion was made by Mr. Kingan and 2nd by Mr. Heimburg that this Winter Ban be put into effect for this year again and the copy will be followed from last year's publication, Un. Crd.

Mayor Chiavetta stated to the Board that Patrolman Dalton worked 4 hours last Sat. on Commercial St. to help out with the traffic jam caused from the paving of the street, and he asked about Ptl. Dalton's time, how he was to be compensated. At this time Ptl. Dalton stated that he would consider his payment in time off from his regular working hours. This was granted to him by Mayor Chiavetta.

St. Com. Carbeck reported that he has all his projects in motion and he hopes to be able to finish them all as soon as possible. The report was given that Mr. Will is going to repair the Alley St., next to Russ Catalino's home on Center St. and the cost will be $250.00.

The discussion of Leaves being burned in the Village Sts. was discussed and Mayor Chiavetta stated that a notice would be put in the paper at once to cease this practice as it is damaging to the Streets.

Com. Heimburg requested that an inhalator be purchased by the Village. The one that is available is maintained by the Town and it can't be used unless an experienced operator accompanies it when needed. Com. Heimburg will have more information on it for the next meeting.

Regular Meeting

The Regular Meeting of the Board of Trustees, Village of Angola, N.Y. was held at the Village Hall on Monday October 19th., 1959.

PRESENT:  Thomas C. ChiavettaMayor  
Earl KinganTrustee  
Allen White  
Donald Carbeck  
Jene Heimburg  

Meeting was called to order by Mayor Chiavetta at 8 P.M.

Mr. Louis Pflanz was present at the meeting in regard to the parking problem on Linden St. for his tenants' cars. Due to the narrow width of that street and the one-way traffic, it was necessary for the Village Board to prohibit all parking, at all times, in that area, especially during the winter months, as the snow plows cannot get through if there are any cars parked at the curbs. Mr. Pflanz realized the importance of the No Parking condition, and he suggested that there would be ample space to park if the Village would have the two trees removed in that area, the tenants could park their cars on the grass and have them off of the street. Mayor Chiavetta requested that this problem be tabled until the Nov. 2nd. meeting, thus giving St. Com. Carbeck ample time to check on the area where the trees could be removed.

Mr. Stoll was present at the meeting to give a short talk on the importance of an inhalator for the Police Dept., and also gave a slight demonstration in the use of the inhalator. The purchase of same was tabled until next meeting.

A letter was read by Mayor Chiavetta from Mr. Lawrence Brown in regard to the building permit of Harold Bump. It was stated at the meeting that Mr. Wilson (Chairman of the Board of Appeals) had given his consent on the building permit to be granted, but Mayor Chiavetta requested that Mr. Wilson should sign the Appeal Application and when that is received by the Clerk, the Village Board will grant the permission to the Village Clerk to send Mr. Bump his written permit to build his garage.

The Fire Co. report was read and ordered filed by Mayor Chiavetta.

Village Clerk asked the Board for permission to have the front entrance to the office enclosed. Mr. Pfeifer will do this work and the cost will be small, so Mayor Chiavetta and the Board Members gave their permission to have this work done.

A letter was received from Chief Murphy of the Angola Police Dept. He requested that all orders and any time off for the Patrolmen on his force should be given to him for his consideration. He also submitted the new schedule that starting as of Tuesday Nov. 20th. which stated that daytime personell will work Monday thru Saturday having Sunday off. This change does not effect the Midnight and the Relief patrol. Chief Murphy will work from 8 A.M. to 4 P.M. on Sats. and Patrolman Dalton from 4 P.M. to Midnight every Sat. until June 1st. Since Chief Murphy's appointment has been made permanent, he has instituted the following rules and regulations to govern the operation of his Dept.: i
During the hours of later time, all meters will be checked on the half hour, either on foot or by car.

The Village patrol will cover every major street in the Village at least every hour, especially during the hours from 10:00 P.M. to 2 A.M.

No Patrolman is to leave his tour of duty unless relieved by the next shift Patrolman.

There will be no requests for individual favors considered unless same are submitted to the Chief, who in turn will present same to the Mayor to be considered.

Any dissatisfaction with existing conditions can be rectified by submitting your complaint in writing to the Chief for action.

In the coming season because of increased summer activity, all vacations will not be considered from June 30th, to Labor Day.

Second jobs are at this time being considered as a necessity of our times, in so far as they do not interfere with existing obligations to this Dept. Should schedules conflict, advising your immediate Superior as soon as possible can remove the stigma of this undesirable condition. This job, on the Police Force, in all instances, must come first.

All information and Business having to do with our Police Dept., unless necessary to assist another agency, will be kept in our own Dept. and not handled about as a conversation piece for Public Consumption.

In the interest of better bookkeeping all repairs needed on the Police Car will be brought to the attention of the Chief, who will authorize the necessary and sign the bill for the release of the Vehicle.

Signed: Leonard J. Murphy
Chief of Police
Dated: October 1st, 1959.

Chief Murphy stated that the Police Car is unavailable at the present time due to some of the wiring being damaged by Fire last Saturday evening, and at the present time, both him and his Patrolmen are using their own cars for patrolling. Mayor Chiavetta requested that they do not use their own cars for Police Work until he has had a chance to contact Lawrence Walters on the Insurance coverage, and as soon as he has obtained the information, he will contact the Clerk who in turn will convey the message to Chief Murphy.

Mayor Chiavetta received the Certificate to be signed by the Board Members and himself on the Cattaraugus Ave., area which read as follows: I, the undersigned Mayor of the Village of Angola, in the County of Erie, New York, hereby certify, that the Village highway hereinafter designated, has never been deeded to the Village of Angola, nor accepted by said Village as a public street or highway, has never been traveled or used as a public highway, and has not been opened or worked for more than six years last past, and that the same has been abandoned by the public and is no longer, or has never been, used as a public highway; to wit, the Village highway in said Village extending from the northwesternly line of Grove Street to the easterly line of Lot No. 64, Township 5, Range 9, known as Cattaraugus Avenue, as the same is shown on a map filed in the Erie County Clerk's office under Cover No. 296, on March 16, 1894.
Also, we, the undersigned members of the Village Board, constituting the whole or a majority thereof, do hereby consent to the making and filing of this certificate, and do hereby sign the same. Therefore, pursuant to Section 205 of the Highway Law, said highway is declared to be and hereby is abandoned.

Dated: At Angola, New York, this 19th day of October, 1959.

Thomas C. Chiavetta
Mayor of the Village of Angola

Board of Trustees of the said Village of Angola

Earl Kingan; Allen White; Donald Carbeck and Jane Reimburg.

WHEREAS, on the 16th day of March, 1894, a certain subdivision map, covering certain lands within the Village of Angola, N.Y., in Lot No. 55, Township 8, Range 9, was filed in the Erie County Clerk's office under Cover No. 286, and said map does show, as laid out thereon, a certain street or highway designated as "Oatman Avenue", extending from the northwesterly line of Grove Street to the easterly line of Lot No. 64, Township 8, Range 9; and WHEREAS, said Oatman Avenue has never been deeded to the Village of Angola, nor has said Oatman Avenue ever been accepted by the Village of Angola as a public street or highway; and WHEREAS, said Oatman Avenue has not been opened or worked, nor traveled or used as a highway for more than six years last past; and WHEREAS, the owners of all land adjoining said Oatman Avenue, or having any interest therein, have requested that there be executed and filed, pursuant to Section 205 of the Highway Law, a certificate declaring that said Oatman Avenue is abandoned as a public street or highway, and said owners, or persons having any interest therein, have consented in writing to the filing of said certificate; now therefore BE IT RESOLVED that, in pursuance to Section 205 of the Highway Law, said Oatman Avenue is hereby abandoned as a public highway, and that the Mayor of the Village of Angola is hereby authorized, with the written consent of a majority of this Board, to execute and file a certificate declaring that Oatman Avenue, from the northwesterly line of Grove Street to the easterly line of Lot No. 64, Township 8, Range 9 and as shown on said map filed under cover No. 286 is abandoned.

Moved by: Donald Carbeck - Seconded by: Earl Kingan - Carried: Yes.

The Building permit from the New York Telephone Company was received for the New Dial Center to be erected on School Street. More data on the storm drain has to be obtained before the Board can grant this permission, so Village Attorney Hurst was directed by the Board members to obtain more information on this from the Phone Company.

Mr. Noes, and Mr. Immello were present in regard to the Water line on Route 5. After a thorough discussion, Mr. Noes was directed to obtain a copy of the Easement from the State Dept. This being a duplicate of the Easement granted to him at the time that the water line was installed. This must be presented to the Board before any further action can be taken by the Angola Waterworks in the acceptance of this privately owned water line from Mr. Noes.

The following bills were submitted on Voucher Sheet No. 9 for the General Fund totaling $7337.75 and the Voucher sheet No. 9 for the Water Dept. totaling $2167.05. Mayor Chiavetta signed both sheets and ordered all bills paid.

Meeting was called by Mayor Chiavetta at 8 P.M.

Joseph Borzilliere was present at the meeting in regard to an answer to a rumor that he has heard in the Village stating that after the automatic gates are installed at the N.Y.C. Crossing, there will not be any more left turns allowed for making entrance on to York St. after crossing the tracks going South. Mayor Chiavetta and the Board Members stated that this rumor is false, as to date there hasn't been any decision made in regard to any turns or traffic problems that may arise, and it will be a good idea that some thought be given to this problem in the near future.

St. Com. Carbeck stated that he has contacted someone for removing the two trees on Linden St. so that the tenants in the Louis Pflanz house may park off of the street. He has a bid for $75.00 for the removal of these two trees. Motion was made by Mr Kingan and 2nd. by Mr White that St. Com. Carbeck be authorized to have these trees removed. Un. Crd.

Mayor Chiavetta asked Mr Heimburg to check on the details for this inhalator and motion was made by Mr Carbeck and 2nd. by Mr White that this inhalator be purchased for the Police Dept. Un. Crd.

The discussion of the Xmas. Tree Lighting was brought up and Clerk Arnold stated that Mr LaClair informed her that the Jr. Chamber of Commerce may assume the task of installing the lights this year. It was asked what action the Village is going to take on this project. Mayor Chiavetta stated that he will contact Mr LaClair on this and will have a more detailed report for next meeting.

Mr Morrison was present at the meeting with Mrs William Sanders in regard to some data on the adjoining building next to the Fire Hall, which belongs to Mr Sanders. According to the records, there has been an erroneous entry on the papers in regard to the survey detail. This is a very confusing problem and Mayor Chiavetta referred this to Village Atty Hurst and it was tabled until next meeting.

Mr Noes was present at the meeting in regard to the water line again on Erie Rd. After a thorough discussion both pro and con, the following Resolution was made and passed:
WHEREAS Mr. Noes has heretofore installed a water line served from the Main line on Lake Street and has paid the cost of such line which now serves five buildings on Erie Rd., all of which area is outside the Village of Angola, and WHEREAS Mr. Noes and other users have requested the Village of Angola to install separate meters to be serviced and read by the Village Water Department, NOW THEREFORE BE IT RESOLVED The Village does hereby agree to supply such individuals customers and along Erie Rd. as are now served by the so-called Noe line so long as and upon condition that any future major expenses involved in repairs or maintenance of the said line be borne by such users. Such determination to be made by the Village. Motion was made by Mr. White and 2nd. by Mr. Carbeck that this Resolution be adopted and passed. Un. Crd.

The discussion on the Snow plowing contract between the Village of Angola and the Town of Evans Highway Dept. was discussed and motion was made by Mr. Carbeck and 2nd. by Mr. Heimburg that Mayor Chiavetta be hereby authorized to sign the necessary contract on the Snow Plowing with the Town Dept. Un. Crd.

Discussion on the N.Y. Telephone Co. permit was held and Mayor Chiavetta stated that he must contact the planning board on this permit, so he would contact Mr. Wilson immediately. In the meantime Village Atty. Hurst stated that this area must be rezoned to Business Zone and that a Public Hearing must be held on this rezoning. Motion was made by Mr. Carbeck and 2nd. by Mr. Heimburg that Clerk Arnold be authorized to publish the Public Hearing notice in the Official paper. Un. Crd.

New water rate for the Village consumers of 100,000 gals or over will be set up by Village Atty. Hurst and will be ready for necessary action in the near future.

Motion was made by Mr. White and 2nd. by Mr. Carbeck to adjourn. Un. Crd.
