

My most wonderful time at Christmas was last year. My family and I started our tradition at my house and then went to a sporting event.

First it was the most wonderful because we got to walk down the stairs and see all of the presents. Then we got to open the presents and see who got what. Also we had dinner with our family and then we all went to the Sabres game. It was a close game and we won. When we came back to my house my cousin came home screaming because we won. My Aunt Tracy and Uncle Randy stayed the whole time. When we went to bed we looked out the window and got to see the neighbor's Christmas tree.

Clearly my Christmas was amazing last year. We all had a great time. My family and I always have a good time when we are celebrating Christmas!
