

ANGOLA VOLUNTEER FIRE DEPARTMENT GIVES PRESENTATION TO THE CHILDREN OF THE COMMUNITY ACTION ORGANIZATION (CAO)

Chief Todd Dybdahl and lifetime member Salvatore Sack, of the Angola Volunteer Fire Department, gave a presentation of Fire Safety, to youths attending the Angola CAO as part of their summer activities program. CAO, located on Main and Mill Street, is a non-profit human service organization, directed through Erie County, who's mission is to promote self-sufficiency through advocacy, partnerships and services. Chief Dybdahl and Salvatore Sack did an outstanding presentation teaching the children of the importance of fire safety. As part of their presentation they had a volunteer from the CAO staff, Kristen Giancarlo put on firefighting gear and explained to the children what each part of the apparatus was used for. The children also got a tour of the Ambulance, the ATV and the Ladder Truck. They were amazed at the size, purpose and ability of each piece of equipment. The Angola Volunteer Fire Department, located at 51 Commercial Street is always welcoming Volunteers young and old to join in the fire safety of the community.
