

Christmas Memory

Submitted by Emma Kushner

Christmas is a great time of year to collect memories.

A terrific family memory is... when I give and get presents. It is fun spending time with your favorite memory is when we go to Grannie house and last year I got an American Girl Doll and a digital camera. I took pictures of my American Doll. It was very fun when I got her. I like to make people happy on Christmas Day. It is nice to give people presents. It makes them joyful.

Surely Christmas is a great time of year when you can make good memories.
