

I woke up Christmas morning and it was snowing outside. My Mom and Dad were still sleeping I woke them up to see that we had three to four feet of snow outside. It was like a blizzard outside.

All of my eighteen cousins come over for Christmas morning at my house. My cousin's Kendra and Carlile and I went outside for a snowball war. It was Carlile and Kendra against me. I saw a huge pile of snow and it was like seven feet tall. I made a fort out of it and snowballs. It took me thirty minutes to construct the fort. I got three snowballs to go after Kendra and Carlile. I saw them. Then they saw me so they ran right into the snow. They said Nate don't get me. I said why? They said because I am stuck. I stayed there for a minute to see if they were really stuck. I tried to pull them out but they just pulled me in. Then I got stuck. I was only four feet tall at the time. Then I yelled to my mom to get her attention and she had to pull us out of the snow. We went inside and she made us hot chocolate.

As you can see there are many fun things that happen around Christmas time. Just like getting stuck in the snow.
