

The Best Christmas

The most memorable time I had on Christmas was getting a great present. It was an unusual Christmas present because my present was not under the tree.

My present was at the store and my Mom and Dad got it for me. The store was empty and quiet. I got this gift when I was about 8 or 9. I was so excited when I got my two wheel bike. The bike was so beautiful it was a sky blue and smelt brand new as it was just made. Now the bike is to small and it is with a little girl three doors down from me.

I recently got a new bike by the same brand. I love riding my new bike. I ride it every where. That was the most memorable time I had at Christmas.
