

## A Most Memorable Christmas Story

My most memorable Christmas was in Florida with my family. Spending time with my family meant a lot to me. While we were in Florida my mom took us to Disney World.

While we were in Florida we stayed in the Animal Kingdom Resort. I went with my two brothers and my Mom and Dad. My Dad was working but he came a few days later. We went to Disney World the second day we were in Florida. While we were there we rode a lot of fun rides. I rode a ride called Space Mountain. While we were exiting the ride, we saw Lilo and Stitch. My Mom wanted to get a picture with them, so she asked Lilo and Stitche's body guard if he would take the picture. When the person holding the camera tried to take a picture he dropped it. My Mom was so mad because it was my Grandma Lucille's camera and it was very expensive. When my Mom asked him to buy her a new one he went to go get someone. They said the best they can do was get her a instant camera. My Mom got mad and they asked us what they would like them to do. My Mom asked them if they can make arrangements so we can go to the Magic Kingdom to eat dinner. It was booked before when we wanted to go before we came to Florida. Later that night we got a phone call saying they were able to make reservations. When we got there it was pretty and nice. The princesses were dancing around and everyone was having a good time. When we got back to the resort I went to sleep, and dreamed about that wonderful night. The next day we had to leave at five o'clock in the morning to catch our plane ride. When we got home it was eight o'clock in the morning and I went to back to bed.

That very Christmas was the most memorable Christmas. I had fun with my family and enjoyed every beautiful moment I spent with them. I made memories with my family that I will keep forever.
