Dear Village of Angola Commercial Property / Business Owner:
RE: NY Main Street Grant Opportunity

April 4, 2025

Great news: The Village of Angola was awarded a NY MAIN STREET Grant from New York State to stimulate reinvestment in commercial properties in our downtown Village Target Area (please see map attached).

The Village has engaged a Grant Administrator, Heritage Resources LLC, to guide us with the NY MAIN STREET grant process. Alma Brown & Tera Galvano will be our contacts. Tera & Alma will host two informational presentations for Owners:

Thursday, April 10th at 6pm via zoom * Please email teragalvano@cbcpc.com and she will email the link to you.

Thursday, April 24th at 6pm in person at Village Hall

Our Grant Administrators are available to provide information about the grant and to answer your questions. They are here to help guide the Village and you.

Heritage Resources staff will also visit the Village to meet with owners with questions about their projects and assist with grant applications. A Grant Facts page is included in this package, along with the application and letter of interest / financial commitment.

Applications are due by Wednesday May 14th to Village Hall by 12noon or email to hrlcab@gmail.com. Please note – you do not need to have estimates / quotes by the May 14th date, but if you have them, please include.

Please contact our Grant Administrators to discuss your scope of work. We are excited about this opportunity to advance local revitalization efforts in the Village of Angola and look forward to working with you to improve our commercial district.

Sincerely,

Thomas Whelan
Mayor
